

The Senior Citizen Patriots of America

23 hrs · ⚙

Every Kaepernick-want-a-be knucklehead in America who does not ably stand and place your right hand or head covering over your heart or salute if applicable during the raising of the American flag and the playing and singing of our National Anthem is directly, dishonorably and ungratefully disrespecting the sacrifice of men and women who gave their lives while serving or who have served and who are currently serving in our Armed Forces fighting to protect our freedoms and democracy. Shame on you!
